Announcing the Santa Cruz Motion Picture Awards

SCMPA

and

the West of Utopia Motion Picture Awards

WOUMPA

and the

Utopian Motion Picture Awards

UMPA

because we deserve a better acronym and because people keep calling digital videos "films".

First winners will be announced 06/03/2016

for preceding year.

Expect more for the 2017 awards because I haven't really done anything yet this year.

More will be revealed.

Please start bribing me now to consider your animated gifs, videos and other motion pictures. All reasonable and decent bribes will be considered including fashion garments for the "red carpet" demonstration, although I guess we'll start with a royal blue carpet made of organic wool in order to distinguish ourselves and extinguish other vested interests.

I own all of these ideas.
